

For groups of over six people, we would like to recommend our special set menu.

For a price of 40€ per person, we will prepare you a set menu that is specially selected by the chef. We hope that you will enjoy these set menu, that we will let you taste various dishes.

If you are interested, here are the specifics:

1. Please notify us 2 days ahead of time of foods that you cannot eat do to dietary or allergic restrictions.
2. We prepare this set menu on the premise that it will be for the whole group.
3. If, for example, one will reserve the course for a group of six people, and on the day of the reservation only four or five people are present, unfortunately we must still serve food for six people, and the price will still be that of a group of six people.

Please try our restaurant's new and slightly different than usual option.
